

Word in Life Ministries

Fall 2023

Dear Friends, Partners & Family,

We are entering the fall season and I think rays of color. As I look at my backyard and sit on the deck, I can see the leaves changing bright and brilliant colors. Evenings are spent by the backyard fire pit and listening to soft music. Great way to relax and thank the Lord for this time of year. Summer season has passed, and as I reflect on what the ministry has accomplished is amazing to me. LaVern and I are now going to the Cresco Mission twice a month instead of once a month.

I (Sandy) am leading a zoom class with 7 other women learning about our inheritance on healing. I am doing some mentoring and having a woman come over to our house to watch Sunday Sessions with us on Monday nights. We are learning The Purpose and Power of Thought Series. Very powerful series. Get's your thoughts in line with God's Word instead of idle thinking.

Our deck with all the Fall colors

Larry & Sandy

In the month of October, I will be having my brother, Larry Huber, coming to visit us because of a big event in our family. Our granddaughter, Star McPhee, will be getting married in Stewartville at the Golf Course on October 13th . LaVern will be walking her down the aisle so it will be a BIG celebration for us all.

We are also taking a course on Hearing God at the Destiny Church in Rochester on Tuesday nights. Wednesday night we have zoom prayer meetings. So, we have full weeks every week. We are not slowing down one bit.

Star at her bridel shower

Classes at the Mission are on the Benefits of speaking in other tongues. The teaching has been rich, and the residents are asking great questions which means we are feeding hungry hearts. Where the Lord is present, and the spirit of the Lord is, there is liberty.

Thank you so much for your support over the years and continuing to hold us up in prayer as we go about fulfilling what the Lord has put on our hearts. We appreciate and value you so much.

Love & Appreciation,
LaVern K. & Sandra L. Burdick
