

# Word in Life Ministries

Winter 2021

## Hello Partners, Friends and Family:

I can't believe that March is around the corner, and we will be experiencing SPRING soon. 2020 was a very unusual year for our country, and it made traveling difficult for Word In Life Ministries. We managed to be able to go several times a month to the Mission in Iowa during the pandemic.

LaVern with a resident at the Iowa Mission center

In October we went to the Michigan Mission and shared on the topic of simplicity. Very practical teaching and something they can use not only while they are in the Mission, but also when they get out and function in their new lives.

We are in the process of changing our email address. Rebekah has been busy making the changes. Hats off to her! She will be updating our business cards, flyers, website and letterhead with the new Word in Life Ministries email address. It will be [wordinlifeministry@gmail.com](mailto:wordinlifeministry@gmail.com)

I will be putting out another newsletter in April to update you on what will be happening in 2021 after our Board Meeting. At that time, I will have more details about our travels and what this year will look like on our calendar.

Our visit to the Michigan Mission

We are forever grateful to those that have continued to support us during this rough time. God was faithful to help us get a new computer, a new cell phone, and we will be doing more towards the media next year. Thanks for being a part of Word in Life Ministries and making a difference in so many lives. To God be the Glory!

Blessings to you all,  
LaVern & Sandra Burdick

## Prayer requests:

- For open and safe travels
- That God would bless us with new ministry partners
- Continued financial support for the Missions so they can pay off their mortgages
- For new media opportunities
